COURSE OBJECTIVES: The Management Billing & Practice Management will provide the Pain Specialist and their staff with billing, coding, financial, and practice management updates for 2011 and 2012. SPPM Ultrasound Courses will provide the pain management physician with the latest information on ultrasound guided interventional pain management techniques via lectures, hands-on instruction with live models, and practice sessions.

FACULTY DISCLOSURE: Full financial disclosure of all faculty will be printed in the meeting syllabus.

NEEDS ASSESSMENT: Pain Management techniques are frequently changing. The pain specialist is in need of information and hands-on experience to learn interventional pain management techniques. Given the rapidly changing health care environment, the pain specialist and staff are in need of information on how to best practice under these changes.

WHO SHOULD ATTEND: SPPM Pain Management Billing & Practice Management Seminar July 7-8, 2011 is designed for physicians, administrators, nurses, physician assistants, CRNAs, nurse practitioners, managers, pain management billing and coding professionals. The SPPM Ultrasound Guidance for Interventional Pain Management Course is designed for **physicians** who are skilled at performing basic injection techniques.

EDUCATIONAL METHODS

This seminar will consist of AV enhanced lecture, hands-on practice with live model, and interactive Question & Answer sessions. CME credits will be awarded at the conclusion of the seminar upon completion of the *Verification Of Attendance Form*.
